TWO BALTIMORE YOUTHS AND FIVE JUVENILES HELD IN ADAMS THEFTS

State police of the Gettysburg substation said today that the arrest of two 21-year-old Baltimore youths, and five juveniles, one of them a girl, had solved the two burglaries at the R. L. Crouse garage, Littlestown, on September 25 and 28.

The burglars took the keys to an automobile on their first visit to the Crouse place and on last Thursday night returned and stole the car, police said. Vending machines were also broken open and money and contents taken.

Under arrest at Dundalk, Md., south of Baltimore, according to state police, are Eugene Leonard and Alfred Smith Robinson, both of Baltimore. Also detained are the five juveniles implicated with Leonard and Robinson, police said, in a series of burglaries in Maryland, Pennsylvania and Virginia. They were arrested by Baltimore county police, FBI agents were also investigating in connection with the transportation across the state line of stolen automobiles.

Found Stolen Car
Sgt. W. Kurt Duhrkoff, in charge of the local substation, said the automobile stolen at the Crouse garage Thursday night was found in front of the home of one of the juveniles. A small amount of candy and cigarettes was also recovered. Detainers will be filed by Chief of Police Leon H. Gage, Littlestown. Baltimore county police obtained (Continued on Page 6)

TELLS LEGION ABOUT FREEDOM CRUSADE PLAN

Details of the Crusade for Freedom program being carried out locally were outlined Monday evening by Lawrence M. Sheads, Americanism chairman, at a meeting of the Albert J. Lentz American Legion post in the post home on Baltimore street.

The "Crusade" is designed to raise funds to construct seven new radio stations in Germany, financed and operated by private American citizens, to beam the truth about the United States into Russia, Sheads said. It also seeks to gain signatures to a "Declaration for Freedom," which will be placed in the base of a tower for a Freedom bell in Berlin on United Nations Day, October 24.

Because of the necessity of having the declarations for freedom in to Gen. Lucius Clay, head of the "Crusade" in time to be placed in the Freedom bell tower, the local drive must be concluded Friday evening, Sheads stated.

Women To Help
He added that a number of Gettysburg women will be on duty each afternoon and evening, from 1 until 9:30 o'clock each day, in the Hotel Gettysburg lobby to receive donations and obtain signatures for the freedom scroll.

Later in the meeting Sheads was announced as the new president of the American Legion club, with Morris Gitlin as vice president; Paul Spangler, treasurer, and Paul B. Fox, secretary.

"Bud" Anzengruber Ordered To Duty

Anzengruber, a sergeant in World War II and a member of the Army Reserve, recently passed his physical examination for active duty and will report to Camp Campbell, Ky., October 16, according to his present orders.

COUNCIL ORDERS S. WASHINGTON SIDEWALKS LAID

Borough council Monday night directed that notices be sent to property owners on South Washington street ordering them to build new sidewalks or repair old ones immediately, "from Steinwehr avenue north as far as needed."

The question of sidewalks on this street was brought before council Monday night with receipt of a letter from John B. Kendlehart calling attention to a petition signed by 30 residents of Highland avenue and submitted to council December 5, 1949.

The petition, the Kendlehart letter said, asked that the borough council force Viola Clay, Edna C. Walker, V. W. S. Dutta, the Warner hospital, Leonard Redding and T. J. Weinbrenner and Son to grade and pave in front of their properties.

"No sidewalks have been laid to date," the letter continued, "therefore it is most strongly urged that council take action to have suitable sidewalks laid on these properties."

Councilman L. D. Shearer said the matter had been dropped because the hospital owned 600 feet and it was believed the institution might not be financially able to lay this much sidewalk.

"We have made other property owners lay sidewalks," Councilman John D. Teeter said, "and I don't think we ought to be in the position of making one man build a sidewalk and not others. If it means the hospital has to build a sidewalk, let's have it done, even if the borough has to pay for it."

Later Teeter offered to "pass the hat" himself to raise money for the hospital's share of the cost. Referring to the petitioners and others who use this street, Teeter said: "They pay taxes the same as we do elsewhere, and are entitled to sidewalks." He was author of the motion to have notices sent to all property owners where sidewalks are needed, on this street.

WGET MANAGER IS SPEAKER FOR LIONS MONDAY

The fact that Radio Station WGET is eager to help sponsor and promote "any worthy local project" was emphasized by Earl C. Pace, station manager, in a talk before the Gettysburg Lions club Monday evening at the Shetter House.

Discussing radio and the services local radio stations can render to their communities, Mr. Pace said: "WGET is concerned only with Adams county and Adams county people. We give the people of this county their own radio station 18 hours a day. We feature local news, local sports, local requests and local interests."

Mr. Pace told of the actual construction of the local radio station and of the duties of the present staff in presenting 18 hours of continuous radio programs each day. He closed with an invitation to the clubmen to visit the local station.

Smoke, club president, announced.

Council Turns Down Offer Of New Parking Meters For Town

A new parking meter was demonstrated to members of the borough council at the regular meeting in the engine house Monday, but no action toward purchasing new meters was taken. "We're not buying any new meters at this time," Council President H. M. Oyer said.

The meters, called "Park-O-Meter," were shown to council by Ray F. Riegelmeier, of Riegelmeier's Traffic Services, Harrisburg, agent for the meters, at the request of Councilman Fred Hummelbaugh, who said that the old meters installed late in 1945 "are costing the borough considerable money to maintain."

Hummelbaugh said that more than \$700 was spent in maintaining the Miller meters here last year.

Riegelmeier said the "Park-O-Meter" could be purchased for as low as \$44.53 each. The price, he

said, is \$61.53 complete. Using the posts now installed would bring the price down to \$53.50. A trade-in allowance on the old meters would further reduce the price to the low figure quoted.

Riegelmeier said the "Park-O-Meter" is entirely automatic with no handles to turn; that by moving the escapement and changing the dial they could be made for either one-hour or two-hour parking; that jammed coins could be taken out by the removal of one nut; that no more money could be placed in the meter if it were jammed, and that they were built for pennies and nickels, a penny for 12 minutes and five cents for an hour.

The meters require winding once a week. They will not accept coins unless wound, Riegelmeier said. Council members thanked him for his demonstration, but said, "no meters now."

EGG HANDLING IS TOPIC FOR POULTRYMEN

How to handle eggs was the principal topic of a talk given by C. O. Dossin, State College extension specialist, before the Adams County Poultry Federation Monday evening at the court house here.

Dossin urged the farmers to keep up the quality of their egg production by keeping the room in which they store eggs at a temperature of 65 degrees and a humidity of 75 percent. He urged them to gather eggs three times a day and place them in the cool storage room immediately.

He suggested that the walls of the storage room be kept moist and a small electric fan be kept running facing the wall at all times in order to keep the moist air moving in the room. In such manner, Dossin noted, eggs can be kept from dehydrating and better quality eggs can be placed on the market.

METERS BRING MOST INCOME

Total receipts of the borough for the month of September were \$2,463, including \$1,762.02 in parking meter income, and expenditures were \$5,584.95, according to the monthly report to Borough Treasurer John H. Basehore, submitted to the borough council Monday night. Balance in the treasury at the end of the month, according to the report, was \$53,397.25.

Parking meters on Baltimore street returned the most money during the month, \$484.85. Others were: Lincoln Square, \$432.12; Chambersburg street, \$348.60; York street, \$281.58; Carlisle street, \$109.67, and West Middle street, \$45.20.

A total of \$669.98 was turned over to the treasurer by Burgess William G. Weaver as collections during the month. This amount included: 47 parking fines, \$47; five building permits, \$51.60; five digging permits, \$44; one sewer permit, 75 cents; theater assessment, \$403.73; taxi license installment, \$50; 14 mowing bills paid, \$69.

The five building permits represented construction valued at \$68,700, the burgess reported.

Council Elects Sickles As Town's First Paid Fireman

Eugene S. Sickles, who tendered his resignation on September 11 to the health board and Burgess William G. Weaver as borough health officer and fire marshal, today retained both these positions, plus another job, "borough fireman," the first paid fireman in the history of Gettysburg.

Sickles' resignations, had they been accepted, would have taken effect October 1. The burgess and borough council took no action on his resignation as fire marshal, and the board of health has not acted on the health officer resignation. It will ignore it at its regular meeting Wednesday night.

The Borough council, at its regular October meeting Monday night in the council chambers at the engine house, voted to employ Sickles at a salary of \$160 a month, the same amount paid borough

STREET NAME SIGNS WILL BE PLACED BY TOWN

Borough council at its regular meeting in the engine house Monday night authorized the highway committee to purchase 26 new street signs, three to replace worn out signs and the remainder to be placed on streets where there are no signs.

The order was approved for four four-inch signs and 22 three-inch signs, including the posts. They will be of white enamel with black lettering.

Ray F. Riegelmeier, Harrisburg, agent for the signs, displayed them at Monday night's meeting. The tops are locked in position from the inside, so that, in Riegelmeier's words, "no kids can shinny up the poles and twist the signs around." He said the frames were guaranteed for 25 years and the signs for 10 years.

The four-inch signs were quoted at \$18.30 each with posts or \$13.40 without posts and the three-inch signs at \$16.80 with posts and \$11.90 without posts, in lots up to 25, with 25 cents off for lots up to 100.

Council voted to increase the wages of hourly employees of the Highway department from 75 to 80 cents an hour, effective immediately. It fixed the rental fees for use of the borough street sweeper at \$6.50 per hour and the new scraper-loader at \$6 an hour. In the event that the sweeper is rented for longer periods, the price will be \$6 an hour plus replacement of brooms. The price includes the operator and all gasoline and oil used.

Traffic Light Up Again
Council left to Borough Treasurer John H. Basehore, who is also chairman of the Adams County Republican committee, the question of obtaining a traffic signal or other safety device at South Washington and West Middle streets. No action was taken on a letter from the Chamber of Commerce asking the council to send a delegation with Chamber members to Harrisburg to ask the Safety commission of the State Highway department to reconsider a traffic light at this intersection.

A letter was read from the Women's Civic Council, representing 23 women's organizations in Gettysburg, commending the council for its mosquito elimination work this summer. "It was the most mosquito-free summer in many years," the letter said. It commended the work in particular of Councilman Fred Hummelbaugh on this project.

Borough Solicitor Eugene V. Buleit reported receipt of word from the Pennsylvania Utilities Commission to the effect that no hearing will be held on the proposed installation of flasher signals at (Continued on Page 2)

Named as a committee to arrange for the dinner were Miss Hazel Carson, Robert Reindollar, Mrs. Dorothy Newman and John Held, all of the Fairfield jointure. The dinner session will be held October 25 at the Fairfield Zion Lutheran parish hall.

Garnet Schellhase, Littlestown jointure teacher, was named as delegate for the county branch to the state class room teachers' meeting to be held at Bedford Springs.

It was reported at the meeting that Elmer Gall, teacher at Littlestown for the past two years, was recalled to active duty with the army, reporting to Camp Campbell, Ky., on September 26. A teacher of history, geography and guidance at Littlestown, he was a sergeant in the Army Reserve.

Chaplain Strevig Serving In Bavaria

Garmisch, Germany — Chaplain (Major) John R. Strevig, of 336 Baltimore street, Gettysburg, has been assigned to Garmisch Military Post in Southern Bavaria, where he will be post chaplain.

Chaplain Strevig graduated from Gettysburg academy, Gettysburg college, and obtained his training for the ministry at the theological seminary here and at Johns Hopkins in Baltimore. He entered active duty with the army in 1941 and accepted a commission in the Regular Army after the last war. A veteran of the North Africa and Italy campaigns, Chaplain Strevig was wounded in action, and wears the Purple Heart.

Garmisch is in the middle of the Bavarian Alps. Before the war the area was world-famed as a year-round resort and was the site of the 1936 winter Olympic games. Since the termination of hostilities the army has operated the twin villages of Garmisch-Partenkirchen as a recreational area for American personnel and their dependents stationed with the occupation forces in Germany.

Chaplain Strevig's wife, Sara, and 12-year-old daughter, Betty Ann, are with him in the Bavarian village.

THEATER GROUP WILL PRESENT RADIO PLAYS

Plans for activities of the Little Theater group of Adams county were outlined by President Charles W. Harbaugh Monday evening at a meeting in the YWCA.

Among the activities listed by Harbaugh were presentation of a number of radio plays, presentation of a major production and an experimental attempt at a new method of theatrical presentation known as "the theater in the round."

John Drew, program director of Radio Station WGET, was accepted as a new member and named director for radio plays by the group. Drew was also named as assistant director for the forthcoming major stage play, with Mrs. Madeline Killalea as director. The name of the play will be announced in the near future.

The "Theater in the Round" project will be carried out among the membership with the presentation of a one-act play, it was reported. In the "theater in the round," the play takes part in a central section surrounded by spectators rather than on a stage and frequently the spectators are taken into the play as part of it. If the experiment proves successful an attempt may be made to present such a play for the general public.

The group voted to stage plays over WGET every two weeks starting in about two weeks. Drew described signals used in radio productions to coordinate activities between the control room and the studio.

Mrs. Virginia Derek operated a wire recorder on which each member of the club recorded dialogue. The dialogue was then played back for criticism by the person who made the recording and other members of the club.

The next meeting will be held Monday, November 6.

Upper End Stores Plan WGET Program

"Moments of Melodies," a program on the air from 8 to 10:30 o'clock Wednesday evening over Station WGET, will be sponsored by business places in the northern area of Adams county. The first of an intended series, this program is being conducted in conjunction with the Upper Adams county shopping news published every other Wednesday in The Gettysburg Times.

Consisting of music in the popular and classical categories and organ music, "Moments of Melodies" will be sponsored by businessmen in Arendtsville, Aspers, Bendersville, Biglerville, Fairfield and Gardners. The purpose of this new program, first of its kind in this section of the county, is to familiarize Adams countians with services and merchandise available to them in the upper communities of the county.

Special requests should be addressed to Station WGET, Gettysburg, in care of "Moments of Melodies."

The Rev. Mr. Burns' present charge includes St. John's church, Fairfield; Trinity, Casttown, and St. John's, McKnightstown.

Allied Planes Pounding Traffic Flowing From Manchuria

By RUSSELL BRINES
Tokyo, Oct. 3 (AP) — The Far East Air Force reported Allied warplanes pounded heavy traffic columns rolling southward today in Red Korea from Communist China's Manchuria border.

The reports came as South Koreans pierced nearly 50 miles northward into Red Korea on a drive aimed to carry all the way to the Manchuria frontier.

Then the South Korean penetration army commander conferred urgently with two top U.S. generals who flew to Koryo airfield, just south of the parallel 38, border on Korea's east coast, to meet him.

56 Trucks Destroyed
Pilots making the strike along the international highway to the North Korean capital of Pyongyang reported they destroyed 56 trucks and five other vehicles. They claimed damage on 12 other trucks and a dozen other vehicles.

The increasing traffic on the road from Antung, Manchuria, to Pyongyang was first noted at 5:30 p.m. Monday (3:30 a.m., EST), an air force spokesman said. At midnight, B-26 night intruder planes failed to find any trace of the vehicle columns.

Fighter-bombers were sent to the area shortly after dawn Tuesday. The first flight failed to sight any traffic. The allied pilots flew lower and slower and eventually found camouflaged trucks off the paved road. The air spokesman said 35 of the 56 trucks reported destroyed were bagged in the vicinity of the North Korean capital.

Still Ignore Defeat
An air spokesman in Tokyo said the northernmost attack line along the highway was 30 miles south of the Manchurian border. The officer refused to comment on where the southbound traffic might have originated. Fifth Air Force pilots reported truck kills in Kwaksan, Anju, Sinanju, Yongyu, all along the battered highway.

Antung is 100 air miles northwest of Pyongyang and across the Yalu river separating Korea and China. A Red column was reported late last month, streaming down from Manchuria but air patrols were unable to find any trace of it later.

The Pyongyang radio, in a broadcast of the Red's Tuesday night war communique, failed to mention the border crossing by South Koreans last Sunday. The broadcast heard in San Francisco said the Reds had destroyed six Allied planes and four tanks. It contended there still was heavy fighting in the Seoul area.)

TWO BALTIMORE YOUTHS AND FIVE JUVENILES HELD IN ADAMS THEFTS

State police of the Gettysburg substation said today that the arrest of two 21-year-old Baltimore youths, and five juveniles, one of them a girl, had solved the two burglaries at the R. L. Crouse garage, Littlestown, on September 25 and 28.

The burglars took the keys to an automobile on their first visit to the Crouse place and on last Thursday night returned and stole the car, police said. Vending machines were also broken open and money and contents taken.

Under arrest at Dundalk, Md., south of Baltimore, according to state police, are Eugene Leonard and Alfred Smith Robinson, both of Baltimore. Also detained are the five juveniles implicated with Leonard and Robinson, police said, in a series of burglaries in Maryland, Pennsylvania and Virginia. They were arrested by Baltimore county police. FBI agents were also investigating in connection with the transportation across the state line of stolen automobiles.

Found Stolen Car
Sgt. W. Kurt Duhkoff, in charge of the local substation, said the automobile stolen at the Crouse garage Thursday night was found in front of the home of one of the juveniles. A small amount of candy and cigarettes was also recovered. Detainers will be filed by Chief of Police Leon H. Gage, Littlestown. Baltimore county police obtained (Continued on Page 6)

TELLS LEGION ABOUT FREEDOM CRUSADE PLAN

Details of the Crusade for Freedom program being carried out locally were outlined Monday evening by Lawrence M. Sheads, Americanism chairman, at a meeting of the Albert J. Lentz American Legion post in the post home on Baltimore street.

The "Crusade" is designed to raise funds to construct seven new radio stations in Germany, financed and operated by private American citizens, to beam the truth about the United States into Russia. Sheads said. It also seeks to gain signatures to a "Declaration for Freedom" which will be placed in the base of a tower for a Freedom bell in Berlin on United Nations Day, October 24.

Because of the necessity of having the declarations for freedom in to Gen. Lucius Clay, head of the "Crusade" in time to be placed in the Freedom bell tower, the local drive must be concluded Friday evening, Sheads stated.

Women To Help
He added that a number of Gettysburg women will be on duty each afternoon and evening, from 1 until 9:30 o'clock each day, in the Hotel Gettysburg lobby to receive donations and obtain signatures for the freedom scroll.

Later in the meeting Sheads was announced as the new president of the American Legion club, with Morris Gitlin as vice president; Paul Spangler, treasurer, and Paul B. Fox, secretary.

"Bud" Anzengruber Ordered To Duty

Paul Anzengruber, York street, has been recalled for active duty with the United States Army.

Anzengruber, a sergeant in World War II and a member of the Army Reserve, recently passed his physical examination for active duty and will report to Camp Campbell, Ky., October 16, according to his present orders.

An employee of a York concern, he has also been a special policeman here for some years.

COUNCIL ORDERS S. WASHINGTON SIDEWALKS LAID

Borough council Monday night directed that notices be sent to property owners on South Washington street ordering them to build new sidewalks or repair old ones immediately, "from Steinwehr avenue north as far as needed."

The question of sidewalks on this street was brought before council Monday night with receipt of a letter from John B. Kendlehart calling attention to a petition signed by 30 residents of Highland avenue and submitted to council December 5, 1949.

The petition, the Kendlehart letter said, asked that the borough council force Viola Clay, Edna C. Walker, V. W. S. Dutta, the Warner hospital, Leonard Redding and T. J. Winebrenner and Son to grade and pave in front of their properties.

"No sidewalks have been laid to date," the letter continued, "therefore it is most strongly urged that council take action to have suitable sidewalks laid on these properties."

Councilman L. D. Shearer said the matter had been dropped because the hospital owned 600 feet and it was believed the institution might not be financially able to lay this much sidewalk.

"We have made other property owners lay sidewalks," Councilman John D. Teeter said, "and I don't think we ought to be in the position of making one man build a sidewalk and not others. If it means the hospital has to build a sidewalk, let's have it done, even if the borough has to pay for it."

Later Teeter offered to "pass the hat" himself to raise money for the hospital's share of the cost. Referring to the petitioners and others who use this street, Teeter said: "They pay taxes the same as we do elsewhere, and are entitled to sidewalks." He was author of the motion to have notices sent to all property owners where sidewalks are needed, on this street.

WGCT MANAGER IS SPEAKER FOR LIONS MONDAY

The fact that Radio Station WGCT is eager to help sponsor and promote "any worthy local project" was emphasized by Earl C. Pace, station manager, in a talk before the Gettysburg Lions club Monday evening at the Shetter House.

Discussing radio and the services local radio stations can render to their communities, Mr. Pace said: "WGCT is concerned only with Adams county and Adams county people. We give the people of this county their own radio station 18 hours a day. We feature local news, local sports, local requests and local interests."

Mr. Pace told of the actual construction of the local radio station and of the duties of the present staff in presenting 18 hours of continuous radio programs each day. He closed with an invitation to the clubmen to visit the local station.

Ulrich Appointed
President Radford H. Lipsey presided at the meeting and announced the appointment of Donald A. Ulrich as manager for the club's annual musical and minstrel show to be given at the Gettysburg high school building. The tentative dates are April 9, 10 and 11.

The club adopted a resolution offered by the Community Betterment committee commending Eugene Sickles for his services as fire marshal and health officer and urging him to reconsider his resignation from these offices.

CIRCUS TICKET SALES REPORT IS PROMISING

Reports presented Monday evening at the regular meeting of the Rotary club at the YWCA indicated that attendance at the Mills Brothers Circus Wednesday afternoon and evening will be large.

Nearly 2,000 will see the show according to advance sales of tickets, the reports indicated. The circus, to be presented at the Recreation field, Breckenridge street, at 2:30 and 8 o'clock Wednesday afternoon and evening is sponsored by the club to raise funds for a children's dental clinic at the Warner hospital. Dr. Kenneth L. Smoke, club president, announced.

Reserved seat tickets will be on sale today and Wednesday at Britcher and Bender's drug store on Chambersburg street, it was announced. The reserved seats are for sections rather than for particular seats, it was noted. The circus has bleacher accommodations for 3,000 and individual chairs in the reserved section to seat 1,500.

This evening at 6:05 o'clock Doctor Waddell, an ordained clergyman who is a permanent member of the Mills Brothers circus staff, will speak about the circus over Radio Station WGCT, President Smoke said.

Mr. Shissler will speak at the regular meeting of Rotary on "Rotary Horizons."

Council Turns Down Offer Of New Parking Meters For Town

A new parking meter was demonstrated to members of the borough council at the regular meeting in the engine house Monday, but no action toward purchasing new meters was taken. "We're not buying any new meters at this time," Council President H. M. Oylor said.

The meters, called "Park-O-Meter," were shown to council by Ray F. Riegelmeier, of Riegelmeier's Traffic Services, Harrisburg, agent for the meters, at the request of Councilman Fred Hummelbaugh, who said that the old meters installed late in 1945 "are costing the borough considerable money to maintain."

Hummelbaugh said that more than \$700 was spent in maintaining the Miller meters here last year. Riegelmeier said the "Park-O-Meter" could be purchased for as low as \$44.53 each. The price, he said, is \$61.53 complete. Using the posts now installed would bring the price down to \$53.50. A trade-in allowance on the old meters would further reduce the price to the low figure quoted.

Riegelmeier said the "Park-O-Meter" is entirely automatic with no handles to turn; that by moving the escapement and changing the dial they could be made for either one-hour or two-hour parking; that jammed coins could be taken out by the removal of one nut; that no more money could be placed in the meter if it were jammed, and that they were built for pennies and nickels, a penny for 12 minutes and five cents for an hour.

The meters require winding once a week. They will not accept coins unless wound, Riegelmeier said. Council members thanked him for his demonstration, but said, "no meters now."

EGG HANDLING IS TOPIC FOR POULTRYMEN

How to handle eggs was the principal topic of a talk given by C. O. Dossin, State College extension specialist, before the Adams County Poultry Federation Monday evening at the court house here.

Dossin urged the farmers to keep up the quality of their egg production by keeping the room in which they store eggs at a temperature of 65 degrees and a humidity of 75 percent. He urged them to gather eggs three times a day and place them in the cool storage room immediately.

He suggested that the walls of the storage room be kept moist and a small electric fan be kept running facing the wall at all times in order to keep the moist air moving in the room. In such manner, Dossin noted, eggs can be kept from dehydrating and better quality eggs can be placed on the market.

Urged To Attend NEPPCO Meet
He urged growers to continue their practice of discussing among themselves at poultry federation meetings their own experiences with (Continued on Page 6)

METERS BRING MOST INCOME

Total receipts of the borough for the month of September were \$2,463, including \$1,762.02 in parking meter income, and expenditures were \$5,564.95, according to the monthly report to Borough Treasurer John H. Basehore, submitted to the borough council Monday night. Balance in the treasury at the end of the month, according to the report, was \$53,397.25.

Parking meters on Baltimore street returned the most money during the month, \$484.85. Others were: Lincoln Square, \$432.12; Chambersburg street, \$348.60; York street, \$281.58; Carlisle street, \$169.67, and West Middle street, \$45.20.

A total of \$665.98 was turned over to the treasurer by Burgess William G. Weaver as collections during the month. This amount included: 47 parking fines, \$47; five building permits, \$51.50; five digging permits, \$44; one sewer permit, 75 cents; theater assessment, \$403.73; taxi license installment, \$50; 14 mowing bills, \$69.

The five building permits represented construction valued at \$68,700, the Burgess reported.

HARTZELL REUNION
A reunion of the descendants of Jeremiah T. Hartzell will be held Sunday at Sheffer's park, Biglerville road. Each family will bring its own picnic dinner which will be served at 2 p.m.

Council Elects Sickles As Town's First Paid Fireman

Eugene S. Sickles, who tendered his resignation on September 11 to the health board and Burgess William G. Weaver as borough health officer and fire marshal, today retained both these positions, plus another job, "borough fireman," the first paid fireman in the history of Gettysburg.

Sickles' resignations, had they been accepted, would have taken effect October 1. The Burgess and borough council took no action on his resignation as fire marshal, and the board of health has not acted on the health officer resignation. It will ignore it at its regular meeting Wednesday night.

The Borough council, at its regular October meeting Monday night in the council chambers at the engine house, voted to employ Sickles at a salary of \$160 a month, the same amount paid borough police officers. Sickles has been receiving \$45 a month as health officer and averaging \$10 to \$15 a month as fire marshal, on a part-time basis for both jobs.

Council accepted, with regret, the resignation of C. William Zhea as janitor at the engine house. Zhea was paid \$40 a month for this work. He said his full time employment with the Manufacturers Light and Heat company, made his resignation necessary. In addition to his duties, Sickles will take over Zhea's work.

One of Sickles' first jobs will be to cover a door between the boiler room and the apparatus room with tin to make it a fire door. He will also see that the fire trucks are started twice a day, will set up a shop for making signs for the borough as needed and perform other work at the engine house.

STREET NAME SIGNS WILL BE PLACED BY TOWN

Borough council at its regular meeting in the engine house Monday night authorized the highway committee to purchase 26 new street signs, three to replace worn out signs and the remainder to be placed on streets where there are no signs.

The order was approved for four four-inch signs and 22 three-inch signs, including the posts. They will be of white enamel with black lettering.

Ray F. Riegelmeier, Harrisburg, agent for the signs, displayed them at Monday night's meeting. The tops are locked in position from the inside, so that, in Riegelmeier's words, "no kids can shimmy up the poles and twist the signs around." He said the frames were guaranteed for 25 years and the signs for 10 years.

The four-inch signs were quoted at \$18.30 each with posts or \$13.40 without posts and the three-inch signs at \$16.80 with posts and \$11.90 without posts, in lots up to 25, with 25 cents off for lots up to 100.

Council voted to increase the wages of hourly employees of the Highway department from 75 to 80 cents an hour, effective immediately. It fixed the rental fee for use of the borough street sweeper at \$5.50 per hour and the new scraper-loader at \$6 an hour. In the event that the sweeper is rented for longer periods, the price will be \$6 an hour plus replacement of brooms. The price includes the operator and all gasoline and oil used.

Traffic Light Up Again
Council left to Borough Treasurer John H. Basehore, who is also chairman of the Adams County Republican committee, the question of obtaining a traffic signal or other safety device at South Washington and West Middle streets. No action was taken on a letter from the Chamber of Commerce asking the council to send a delegation with Chamber members to Harrisburg to ask the Safety commission of the State Highway department to reconsider a traffic light at this intersection.

A letter was read from the Women's Civic Council, representing 23 women's organizations in Gettysburg, commending the council for its mosquito elimination work this summer. "It was the most mosquito-free summer in many years," the letter said. It commended the work in particular of Councilman Fred Hummelbaugh on this project.

Borough Solicitor Eugene V. Bulleit reported receipt of word from the Pennsylvania Utilities Commission to the effect that no hearing will be held on the proposed installation of flasher signals at (Continued on Page 2)

PLAN TEACHERS' FALL BANQUET

Plans for the annual fall banquet meeting of the Adams county branch of the PSEA were outlined Monday afternoon at a meeting of the executive committee of the county group held at the office of the county superintendent of schools in the court house.

Named as a committee to arrange for the dinner were Miss Hazel Carson, Robert Reindollar, Mrs. Dorothy Newman and John Held, all of the Fairfield jointure. The dinner session will be held October 25 at the Fairfield Zion Lutheran parish hall.

Garnet Schellhase, Littlestown jointure teacher, was named as delegate for the county branch to the state class room teachers' meeting to be held at Bedford Springs.

It was reported at the meeting that Elmer Gall, teacher at Littlestown for the past two years, was recalled to active duty with the army, reporting to Camp Campbell, Ky., on September 28. A teacher of history, geography and guidance at Littlestown, he was a sergeant in the Army Reserve.

A World War II veteran, Gall had been a prisoner of the Germans for six months and had been listed at 30 per cent disabled by a stomach ailment brought about by food given him while he was a prisoner of war.

Chaplain Strevig Serving In Bavaria

Garmisch, Germany — Chaplain (Major) John R. Strevig, of 336 Baltimore street, Gettysburg, has been assigned to Garmisch Military Post in Southern Bavaria, where he will be post chaplain.

Chaplain Strevig graduated from Gettysburg academy, Gettysburg college, and obtained his training for the ministry at the theological seminary here and at Johns Hopkins in Baltimore. He entered active duty with the army in 1941 and accepted a commission in the Regular Army after the last war. A veteran of the North Africa and Italy campaigns, Chaplain Strevig was wounded in action, and wears the Purple Heart.

Garmisch is in the middle of the Bavarian Alps. Before the war the area was world-famed as a year-round resort and was the site of the 1936 winter Olympic games. Since the termination of hostilities the army has operated the twin villages of Garmisch-Partenkirchen as a recreational area for American personnel and their dependents stationed with the occupation forces in Germany.

Chaplain Strevig's wife, Sara, and 12-year-old daughter, Betty Ann, are with him in the Bavarian village.

THEATER GROUP WILL PRESENT RADIO PLAYS

Plans for activities of the Little Theater group of Adams county were outlined by President Charles W. Harbaugh Monday evening at a meeting in the YWCA.

Among the activities listed by Harbaugh were presentation of a number of radio plays, presentation of a major production and an experimental attempt at a new method of theatrical presentation known as "the theater in the round."

John Drew, program director of Radio Station WGCT, was accepted as a new member and named director for radio plays by the group. Drew was also named as assistant director for the forthcoming major stage play, with Mrs. Madeline Killalea as director. The name of the play will be announced in the near future.

The "Theater in the Round" project will be carried out among the membership with the presentation of a one-act play, it was reported. In the "theater in the round," the play takes part in a central section surrounded by spectators rather than on a stage and frequently the spectators are taken into the play as part of it. If the experiment proves successful an attempt may be made to present such a play for the general public.

The group voted to stage plays over WGCT every two weeks starting in about two weeks. Drew described signals used in radio productions to coordinate activities between the control room and the studio.

Mrs. Virginia Derek operated a wire recorder on which each member of the club recorded dialogue. The dialogue was then played back for criticism by the person who made the recording and other members of the club.

The next meeting will be held Monday, November 6.

Allied Planes Pound Traffic Flowing From Manchuria

By RUSSELL BRINES
Tokyo, Oct. 3 (AP) — The Far East Air Force reported Allied warplanes pounded heavy traffic columns rolling southward today in Red Korea from Communist China's Manchuria border.

The reports came as South Koreans pierced nearly 50 miles northward into Red Korea on a drive aimed to carry all the way to the Manchuria frontier.

Then the South Korean penetration army commander conferred urgently with two top U.S. generals who flew to Koryo airfield, just south of the parallel 38 border on Korea's east coast, to meet him.

56 Trucks Destroyed
Pilots making the strike along the international highway to the North Korean capital of Pyongyang reported they destroyed 56 trucks and five other vehicles. They claimed damage on 12 other trucks and a dozen other vehicles.

The increasing traffic on the road from Antung, Manchuria, to Pyongyang was first noted at 5:30 p.m. Monday (3:30 a.m., EST), an airforce spokesman said. At midnight, B-26 night intruder planes failed to find any trace of the vehicle columns.

Fighter-bombers were sent to the area shortly after dawn Tuesday. The first flight failed to sight any traffic. The allied pilots flew lower and slower and eventually found camouflaged trucks off the paved road. The air spokesman said 35 of the 56 trucks reported destroyed were bagged in the vicinity of the North Korean capital.

Still Ignore Defeat
An air spokesman in Tokyo said the northernmost attack line along the highway was 30 miles south of the Manchurian border. The officer refused to comment on where the southbound traffic might have originated. Fifth Airforce pilots reported truck kills in Kwaksan, Anju, Sinanju, Yungyu, all along the battered highway.

Antung is 100 air miles northwest of Pyongyang and across the Yalu river separating Korea and China.

A Red column was reported late last month streaming down from Manchuria but air patrols were unable to find any trace of it later. "The Pyongyang radio, in a broadcast of the Red's Tuesday night war communique, failed to mention the border crossing by South Koreans last Sunday. The broadcast heard in San Francisco said the Reds had destroyed six Allied planes and four tanks. It contended there still was heavy fighting in the Seoul area.)

ACCIDENT TOLL TAKES BIG JUMP IN SEPTEMBER

Traffic accidents investigated by state police of the Gettysburg substation jumped from 24 in August to 29 in September according to the monthly report of Sgt. W. Kurt Duhkoff, in charge of the local substation. Property damage was \$29,540 in September compared with \$17,840 in August.

Both months were far ahead of September, 1949, when there were only eight accidents and property damage was only \$2,260. In the 29 accidents investigated last month, 22 persons were injured, compared with 18 in August and only nine in September, 1949. There were no fatalities (Continued on Page 2)

JAILED AMISH ARE BAILED OUT

Lancaster, Pa., Oct. 2 (AP) — The Lancaster county jail stood in need of a revolving door today in the dispute between Pennsylvania's school authorities and a group of bearded Amish farmers.

As fast as the Amishmen went to jail rather than pay fines for refusing to send their children to school, an unidentified benefactor bailed them out.

The Amishmen—members of a black-garbed religious sect that frowns on movies, buttons and other forms of ornamentation—contend their children at the age of 14 should remain on the farm and no longer mingle with non-Amish youngsters in the state's schools. The state compulsory school attendance law calls for formal education up to the age of 16.

Three days ago, six Amish farmers elected to serve three-day sentences. They were released when their fines were paid by an unknown who said only that he was a friend of the Amish.

On Wednesday, 12 more Amish farmers chose jail rather than pay fines. They, too, were released when the unidentified benefactor supplied the \$176.25 levied against them. Similar charges against three Amish widows were dismissed last night under the same circumstances. But later, 13 new Amish defendants filed into the Lancaster jail after announcing they would not pay their fines.

dale Volunteer fire company will have a stand at the Bernie Ohler sale on Saturday. This place is about one mile west of Littlestown. They will serve hot and cold sandwiches, homemade pies and cakes. **"I GET SO
NERVOUS I CAN
HARDLY SIT STILL**
several days before
my monthly period..."

"Several days just before my period I usually get so nervous and tense, feel so restless, high-strung I want to cry—due to female functional monthly disturbances. So many of my girl friends troubled this way were getting wonderful relief from this distress by taking Lydia Pinkham's Vegetable Compound. I decided to try it. And now I'd never be without it. I find that by taking this great medicine throughout the month it helps build up resistance against such pre-period nervous tension as well as against monthly pains of this nature."

"I also have a very dear middle-aged neighbor who finds Lydia Pinkham's Compound a wonderfully effective medicine to relieve hot flashes and nervous irritability—due to functional change of life. No wonder it's been called 'the woman's friend' for almost a century."

P.S. Pinkham's Compound tastes grand in a little water or fruit juice. Or you may prefer Lydia Pinkham's TABLETS with added iron.

Washington, Oct. 2 P — President Truman's call for repeal of part of the new Communist control law-enacted over his veto — was

termed "possibly a good idea" today by a Senator who voted for the measure.
The same lawmaker, Senator McFarland (D-Ariz.), also said he

hopes Mr. Truman was wrong in predicting that once victory in Korea is won there will be a sincere effort in Congress to block defense program now underway

To Meet Quarterly
President Hoke announced that membership cards will be secured for all members and that by using them in group purchases discount rates can be secured in a number of instances.

Listed as one of the principal objects of the organization in the constitution adopted by the group was "to help ourselves do a better job of farming and live more full and enjoyable lives."

Between now and the next meeting in November the officers of the county chapter and the officers of the four local chapters will form an executive committee for the county group. While the executive committee will probably hold monthly meetings, present plans are for the county group to meet only four times a year.

DEFENSE ORDERS TO GET PRIORITY

Washington, Oct. 3 (AP)—A simple, ironclad priority system was imposed on industry today as a bottleneck-buster for the \$30,000,000,000-a-year defense program.

With this action, the National Production Authority (NPA) felt it had provided the basic kit of tools needed to keep the defense production drive in high gear despite prospective shortages.

A single priority rating—identified by the symbol "DO," for "defense orders"—will give military contracts let by the armed forces or the Atomic Energy Commission the right of way in any defense plant.

The NPA regulation, announced by Administrator William H. Harrison last night, requires every company to accept "DO" orders and make delivery on time. Civilian work must be sidetracked if necessary.

County Represented At Poultry Meeting

Members of Adams county agricultural classes, Future Farmers of America and 4-H club members and a large number of poultrymen from the county were among the nearly 10,000 persons who attended the opening of the 13th exposition of the Northeastern Poultry Producers council in the State Farm show building in Harrisburg today.

In an address of welcome, John V. B. Rice, Trumansburg, N. Y., council president, stressed the importance of the poultry industry as a billion dollar business in 13 northeastern states. Speakers scheduled for various educational meetings which run through Thursday include some of the nation's outstanding authorities on poultry breeding, feeding and diseases and on phases of marketing.

Egg-grading and poultry judging contests will occupy the FFA and 4-H youths during the exposition. Special guests will be the "poultry boy of the year" from each of the 13 states. The winner of an egg-laying contest will be crowned "Hen of the Year" tonight. The annual Neppco banquet will be held Wednesday night when the poultrymen will dine on "chicken of tomorrow."

Reservoir Yields Stolen Articles

State police of the Gettysburg substation announced today that dragging of one of the Hanover water supply's reservoirs has resulted in the recovery of several articles stolen at Dicks dam cottages and Moore's service station, Cross Keys, recently.

Hauled up from the bottom of the reservoir, according to state police, was a fishing rod owned by Edward Dubbs, Hanover, and a rifle scope, the property of Thomas P. Carfagno, also of Hanover. The rifle and scope were stolen from the Dubbs and Carfagno cottages at Dicks dam. A vending machine stolen at the service station also was found.

Three Hanover youths are being held for court for breaking into the cottages at Dicks dam September 17 and 18, David T. Markel, 20; Godfrey B. Arthur, 21, and Thomas Wege, 20.

Times Carriers To See Rotary Circus

Fifty-five Gettysburg Times carriers will be guests of The Times Wednesday evening at the Mills Brothers circus brought here by the local Rotary club.

The carriers were presented with their tickets by the Times this afternoon when they received their papers. Wednesday they will deliver the paper at the usual hour and then, with their work completed, head for the Recreation Field and the opportunity to see the animals, actors and pageantry of the circus.

State Police Say

Neat and skillful in action . . . that's how the dictionary defines d-e-f-t. Deft drivers are expert drivers — champions behind the wheel. We need more deft drivers on our streets and highways. Too many are more daff than deft in their driving. Make sure that you come within the category of a deft driver.

BULLETINS

Lake Success, Oct. 3 (AP)—Australia called today for the occupation of all Korea by United Nations forces, but India expressed grave doubts about the wisdom of such a course.

India's Sir Benegal N. Rau expressed opposition to an American-supported eight-nation resolution which he said authorizes by implication the crossing of the 38 parallel and the indefinite occupation of North Korea.

Australian Foreign Minister Percy C. Spender asked for the complete destruction of the North Korean Army as a fighting force to prevent a new aggression in that country. The Indian and Australian views were expressed before the General Assembly's Political committee which is debating proposals for pacification and unification of Korea.

Pittsburgh, Oct. 3 (AP)—All three Pittsburgh daily newspapers shut down completely today as a strike of mailing room employees went into its second day.

The afternoon Sun-Telegraph and Press followed action of the morning Post-Gazette in notifying employees they will have neither work nor pay until the strike is over. Nearly 78,000 regular readers of the newspapers had to rely on out-of-town papers and the radio for their news.

ROBERTS LIKELY TO FACE RASCHI IN FIRST GAME

By JACK HAND
Philadelphia, Oct. 3 (AP)—Young oblin Roberts, the Philadelphia Phils' pitcher, probably will be manager in the pennant race, probably will be manager in the pennant race, probably will be manager in the pennant race.

Sawyer may decide to go with Veterans Ken Heintzelman, his grey-haired lefty, but most of the "experts" figure Roberts a must. A definite announcement will be made today, during the Phils' final pre-series workout in this baseball-mad city.

Roberts, a strong-armed 24-year-old kid, pitched 10 tiring innings Sunday. But he worked with only two days rest some eight times this season. Last week he started on Wednesday, Thursday and Sunday going 22 innings in five days. His last was his best, a classic job to rank with the masters.

"Roberts works better with two days' rest than he does with three," said Sawyer yesterday.

"Ready To Go"
"I'm ready and I can go," said Roberts.

No other pitcher on the staff, no matter how brilliant, could possibly give the 13 to 5 underdog whiz kids a lift like Roberts (20-11) after Sunday's thrilling performance.

In Roberts, their first 20-game winner since Grover Cleveland Alexander in 1917, the youthful Phils know they have a stopper. They know they don't need too many runs to win. And they haven't been getting too many runs lately, to put it mildly.

The Phils listened to Scout George Earnshaw's report on the Yanks yesterday in their own locker room while the Yankees limbered up briefly at the Yankee Stadium in New York.

Earnshaw followed the Yanks through the west on their last western tour. He has an extensive "book" on each New York nitter and pitcher.

"Most of them are fast ball hitters," Earnshaw told the kids who know little about Joe DiMaggio, Yogi Berra and Phil Rizzuto except what they have read in the papers. Phils Confident.

The players did not appear overwhelmed at the prospect of playing New York. They rooted for the Yanks to win the pennant so they could slice a larger series melon. Now they are confident of victory and hoot at the topheavy odds favoring New York.

Stengel wasted little time in picking Raschi (21-8) for the opener. He said Allie Reynolds (16-12) will pitch the second game with Ed Lopat (13-8) ready for the third. "Raschi is my man," said Casey.

"Vic has been my big pitcher all year. He deserves the shot."

Raschi pulled up with a sore shoulder in Chicago two weeks ago but came back to beat the Boston Red Sox in a vital game five days later. He was shelled hard by the Philadelphia A's in his last outing Thursday.

The Yanks' righthanded ace definitely will have an edge in experience over Sawyer's choice. Raschi pitched in four World Series games in 1947 and 1949.

Stengel spoke with respect of the Phils, scoffing at the odds.

Stengel Respects Foes
"That's a good ball club over in Philadelphia," he said. "It had to be good to beat a red hot Brooklyn team in the biggest game of the year for both clubs."

"Of course I think we'll win but they've got some tough pitchers. That's the only way they can win—if they get great pitching. I don't think they'll outslug us."

There is no doubt that a bulging capacity crowd of some 34,000 will jam Shibe Park tomorrow long before the 1 p.m. (EST) starting time.

Commissioner A. B. Chandler was to huddle with President Ford Frick of the National league and Will Hargrove of the American league and series umpires at his hotel today.

NOTRE DAME IS TOP GRID TEAM

New York, Oct. 3 (AP)—Notre Dame still is the No. 1 college football team in the nation but it looks as if the Irish are going to have to do a lot more fighting to hold on to their cherished laurels this year.

The first Associated Press poll of the season found Frank Leahy's lads at the top again—just where they left off last November.

But four other collegiate aggregations—Michigan State, Southern Methodist, Army and Oklahoma—are bunched right behind the Irish, ready, and apparently able, to move up if Notre Dame should falter.

The top ten (number in brackets) is first place votes:

1. Notre Dame (63) 1,500
2. Michigan State (32) 1,298
3. Southern Methodist (28) 1,296
4. Army (20) 1,200
5. Oklahoma (17) 1,025
6. Kentucky (5) 539
7. Texas (2) 502
8. Stanford (3) 464
9. California (2) 442
10. Washington 211

ROBERTS LIKELY TO FACE RASCHI IN FIRST GAME

By JACK HAND

Philadelphia, Oct. 3 (AP)—Young obin Roberts, the Philadelphia "hills" life saver in the pennant, probably will be Manager Eddie Sawyer's pick to face the New York Yankees' Vic Raschi tomorrow in the World Series opener at Shibe Park.

Sawyer may decide to go with Veteran Ken Heintzelman, his grey-tatched lefty, but most of the "experts" figure Roberts a must. A definite announcement was to be made today, during the Phils' final pre-series workout in this baseball-mad city.

Roberts, a strong-armed 24-year-old kid, pitched 10 tiring innings Sunday. But he worked with only two days rest some eight times this season. Last week he started on Wednesday, Thursday and Sunday going 22 innings in five days. His last was his best, a classic job to rank with the masters.

"Roberts works better with two days' rest than he does with three," said Sawyer yesterday.

"Ready To Go"

"I'm ready and I can go," said Roberts.

No other pitcher on the staff, no matter how brilliant, could possibly give the 13 to 5 underdog Phils a lift like Roberts (20-11) after Sunday's thrilling performance.

In Roberts, their first 20-game winner since Grover Cleveland Alexander in 1917, the youthful Phils know they have a stopper. They know they don't need too many runs to win. And they haven't been getting too many runs lately, to put it mildly.

The Phils listened to Scout George Earnshaw's report on the Yankees yesterday in their own locker room while the Yankees lunched over briefly at the Yankee Stadium in New York.

Earnshaw followed the Yankees through the west on their last western tour. He has an extensive "book" on each New York hitter and pitcher.

"Most of them are fast ball hitters," Earnshaw told the kids who know little about Joe DiMaggio, Yogi Berra and Phil Rizzuto except what they have read in the papers.

Phil's Confident

The players did not appear overhelmed at the prospect of playing New York. They rooted for the Yankees to win the pennant so they could slice a larger series melon. Now they are confident of victory and hoot at the topheavy odds favoring New York.

Stengel wasted little time in picking Raschi (21-8) for the opener. He said Allie Reynolds (16-12) will pitch the second game with Ed Lopat (18-8) ready for the third.

"Raschi is my man," said Casey. "Vic has been my big pitcher all year. He deserves the shot."

Raschi pulled up with a sore shoulder in Chicago two weeks ago but came back to beat the Boston Red Sox in a vital game five days later. He was shelved hard by the Philadelphia A's in his last outing Thursday.

The Yanks' righthanded ace definitely will have an edge in experience over Sawyer's choice. Raschi pitched in four World Series games in 1947 and 1949.

Stengel spoke with respect of the Phils, scoffing at the odds.

Stengel Respects Foe

"That's a good ball club over in Philadelphia," he said. "It had to be good to beat a red hot Brooklyn team in the biggest game of the year for both clubs."

"Of course I think we'll win but they've got some tough pitchers. That's the only way they can win—if they get great pitching. I don't think they'll outslug us."

There is no doubt that a bulging capacity crowd of some 34,000 will jam Shibe Park tomorrow long before the 1 p.m. (EST) starting time.

Commissioner A. B. Chandler was to huddle with President Ford Frick of the National league and Will Harbridge of the American league and series umpires at his hotel today.

NOTRE DAME IS TOP GRID TEAM

New York, Oct. 3 (AP)—Notre Dame still is the No. 1 college football team in the nation but it looks as if the Irish are going to have to do a lot more fighting to hold on to their cherished laurels this year. The first Associated Press pool of the season found Frank Leahy's lads at the top again—just where they left off last November.

But four other collegiate aggregations—Michigan State, Southern Methodist, Army and Oklahoma—are bunched right behind the Irish, ready, and apparently able, to move up if Notre Dame should falter.

The top ten (number in brackets is first place votes):

1. Notre Dame (63)	1,500
2. Michigan State (32)	1,298
3. Southern Methodist (28)	1,296
4. Army (29)	1,290
5. Oklahoma (17)	1,025
6. Kentucky (5)	539
7. Texas (2)	502
8. Stanford (3)	464
9. California (2)	442
10. Washington	211

Water falling from the roof of one building onto adjacent property owned by another has resulted in court action for damages on several occasions.

SERIES "MELON" BIGGEST EVER

Philadelphia, Oct. 3 (AP)—Major league baseball players faced today a choice between building for long term security with pension funds or splitting a fat television melon for immediate profit.

Probably not until after the World Series will a decision be reached on the unprecedented \$800,000 paid for 1950 television rights plus \$175,000 for radio.

Commissioner A. B. Chandler said a meeting would be held in "due course" and added he hoped "provision will be made for the players' pension fund."

The pension fund now promises \$100 monthly to all big league players who reach the age of 50 and have spent 10 years in the majors.

What started all the commotion was the frenzied television bidding for 1950 series rights—sparked by the fast spread of the television networks and the sale of more than 5,000,000 sets.

Players in an ordinary World Series get up to \$7,000 on a winning team and \$4,000 on a losing one. If the \$800,000 television fund were tossed into this pot it would boost series prizes to double or triple present sums.

An authoritative source said that if it is decided to use the radio-TV payment of \$975,000 for immediate benefit, federal taxes will take out 40 per cent. Another 15 per cent legally would go to the commissioner's office, leaving only 45 per cent for the players, clubs, and leagues.

"On the other hand if the money goes to the pension fund it might be possible to get a complete waiver on the tax levy," said the source.

Carlisle, Pa., Oct. 3—Oscar W. Meneses, Weadon, Pa., who played with the University of Tennessee in the 1945 Rose Bowl game, was appointed freshman football coach at Dickinson college Monday.

A star halfback at Dickinson for the past three seasons, Meneses is now a senior at the college but ineligible for further varsity participation.

The freshmen open here on Friday against White Hill Industrial school. The remainder of the schedule: October 12, Gettysburg frosh, away; 20, F. and M. frosh, home; 27, Mercersburg academy, away; November 2, Western Maryland frosh, away.

SATURDAY WINS BOOST CHANCES OF STATE, PENN

Philadelphia, Oct. 3 (AP)—Two of Pennsylvania's collegiate football powers came out of the week-end gridiron for more highly regarded than the pre-season ratings indicated.

A surprisingly strong University of Pennsylvania eleven trampled over Virginia's Cavaliers 21-7 to avenge of 1949 upset. A new series of buck lateral plays introduced this year by Penn Men's George Munder proved the southerners' undoing.

Penn State—operating under a new coach, Charles A. (Rip) Engle, and with a new wing T offense—snowed under Georgetown university 34-14.

Pittsburgh bumped headlong into Duke's Blue Devils and came away smarting from a 28-14 loss. All the score came in the second half with Pitt scoring one touchdown in each of the final two quarters, only to see Duke double that record.

Six Fumbles Hurt
Duquesne also journeyed south of the Mason and Dixon line to encounter Florida. The Southern again emerged on top—this time by a 27-14 count. Six Duquesne fumbles didn't help matters.

Some of the games on Pennsylvania fields literally were played in a fog. In one of these, Muhlenberg opened its 1950 season with a 18-12 win over Bucknell. In the first period the grandstand patrons could hardly see the players.

Gettysburg college's Bullets shot Western Maryland full of holes to win 19-0. Left half Ron Fitzkee, Windsor, Pa., was lost for the season with a leg fracture sustained midway through the first period.

West Liberty (Ohio) ran its unbeaten string to 12 by whipping California (Pa.) Teachers 13-0.

Tickets Here For GHS-Hanover Tilt; Week's Contests Listed

Reserved seat tickets at \$1 each and general admission tickets at 75c each are now on sale, at the

Gettysburg high school office for the annual Gettysburg-Hanover football game, which will be played Friday evening at 8 o'clock on the Sheppard and Myers field, Hanover.

The Warrior-Nighthawk South Penn tilt heads a heavy list of grid games for local fans this week.

This week's grid card starts on Wednesday afternoon when the Biglerville high junior varsity meets Shippensburg's jayvees on the latter's field. The Cannons lost their opener last week to Delone 13-0.

A double-header is listed at Biglerville Thursday evening. At 7 o'clock the Biglerville and Littlestown Junior high teams will meet and immediately following Quincy will tangle with Coach Russ Kane's undefeated varsity.

Game at Delone
Roger Herr's Gettysburg junior high eleven will make its 1950 debut Thursday evening when it clashes with Delone at McSherrystown at 7.30 o'clock. Six more games will be played during the season by the local lads.

In addition to the Gettysburg-Hanover attraction Friday night, two other county teams will be in action.

Littlestown and Washington Township, both unbeaten in the Laurel conference, clash at Littlestown at 8 p.m., while Delone journeys to Lancaster to meet Lancaster Catholic.

Coach "Hen" Bream's Gettysburg college outfit will go after its second straight victory Saturday afternoon when Drexel will be met at Philadelphia.

Also listed for Saturday will be the York Springs-Marysville game at York Springs.

Mt. St. Mary's, defeated in its first two games, will meet Western Maryland, losers to the Gettysburg Bullets last week, at Emmitsburg Saturday at 2 p.m.

Sports Roundup
By HUGH FULLERTON, JR.
New York, Oct. 3 (AP)—Dept. of U-TT Confusion—or, listening to football scouts: Jack Lavelle, who has been watching Cornell, figures Lefty James' team really "has it" and the big Red's tussle with Princeton could be the best game in the country October 28. . . . Another scout claims Cornell is "the most overrated team in the east because its offensive line hasn't been functioning."

Another scout's eye version is that Syracuse failed to claim against Temple Friday because passer Bernie Custis, a Philadelphia boy, was too busy waving at friends in the stands to pay attention to doings on the field. That Giant defense that stopped the Cleveland Browns' passes was simply a four-man "outfield" with one end dropping back to help cover receivers, but the moves of the defensive tackles, which made it hard to trap them, played a very important part. . . . Now all the other pro teams will be trying to copy Steve Owen's innovation.

LOW BRIDGE
If Don Barton, who played sensationally for Kemper Military academy, should have a good day for Texas against T. C. U. in November, Coach Dutch Meyer likely will start a move to outlaw square dances and—of all things—Canasta. . . . Seems Don's parents hook up for such pastimes with the Jim Pakenhams in Longview, Texas. . . . Left to their own devices, Don and young Jimmy, discussed football. . . . The upshot was that Barton, Jr., who was about ready to accept a T. C. U. scholarship, decided to join his pal at Texas and promptly won himself a spot on the grid squad. . . . Guess it just wasn't in the cards for Meyer to get him.

THE WHOLE TOTH
When Zollie Toth, the football Yanks' rookie sensation, was playing high school ball in West Virginia, the home folks say big-time college scouts never gave him a tumble (Oh, yeah! How did he get to Louisiana?). . . . Now the same section has produced another kid whiz, Walter Lassak of Gary, W. Va., high, and the report is that one of the few schools which hasn't approached him is the one he wants to attend—Notre Dame.

for all members and that by using
them in group purchases discount
rates can be secured in a number
of instances.

Listed as one of the principal
objects of the organization in the con-
stitution adopted by the group was
"to help ourselves do a better job
of farming and live more full and
enjoyable lives."

Between now and the next meet-

DEFENSE ORDERS TO GET PRIORITY

Washington, Oct. 3 (AP)—A simple,
ironclad priority system was im-
posed on industry today as a bot-
tle-neck-buster for the \$30,000,000,000-
a-year defense program.

With this action, the National
Production Authority (NPA) felt it
had provided the basic kit of tools
needed to keep the defense produc-
tion drive in high gear despite pros-
pective shortages.

A single priority rating—identi-
fied by the symbol "DO," for "de-
fense orders"—will give military
contracts let by the armed forces
or the Atomic Energy Commission
the right of way in any defense
plant.

The NPA regulation, announced
by Administrator William E. Har-
rison last night, requires every com-
pany to accept "DO" orders and
make delivery on time. Civilian work
must be sidetracked if necessary.

State Police Say

Neat and skillful in action . . .
that's how the dictionary defines
d-e-f-t. Deft drivers are expert
drivers—champions behind the
wheel. We need more deft drivers
on our streets and highways. Too
many are more deft than deft in
their driving. Make sure that you
come within the category of a
deft driver.

BULLETINS

Lake Success, Oct. 2 (AP)—Australia
called today for the occupation of
all Korea by United Nations forces,
but India expressed grave doubts
about the wisdom of such a course.
India's Sir Benegal N. Rau ex-
pressed opposition to an American-
supported eight-nation resolution
which he said authorizes by impli-
cation the crossing of the 38 paral-
lel and the indefinite occupation of
North Korea.

C. Spender asked for the complete
destruction of the North Korean
Army as a fighting force to prevent
a new aggression in that country.

Today's Talk

By GEORGE MATTHEW ADAMS

THE TREASURE WITHIN

A friend this summer showed me some samples of quartz with small specks of gold within them, and presented me with a small piece with a tiny nugget of gold looking out into the big world. He said that it was unprofitable to mine this small stuff, but that if he had the capital to dig deep he might discover the rich veins of gold.

I have been thinking a great deal about what my friend told me. I recalled how, in some places, miners have gone for miles under sea for coal and deep into the earth for precious metals and diamonds. I recalled reading from an essay by John Ruskin where he said: "When you come to a good book, ask yourself, 'Am I inclined to work as a miner would? The metal you are in search of being the author's mind or meaning, his words are the rock which you have to crush and smelt in order to get at it.'"

We are apt to read books just to get the story, or to be intrigued by clever characterization. But it's the book with hidden gold in it that lives, and the reader who searches for this enriches his mind for all time, for such a book is for all time and does not die. In like manner, to know a person genuinely we must get deep into their inner self, fathom their richest thoughts, and learn to interpret their heart, for there is hidden treasure in every human being.

Nature reveals endless beauty in creations all about us. Her flowers, shrubs and trees beautify the entire earth. But you have to mingle with these gifts in order to fully appreciate them. There is friendliness to the very touch of every sort of foliage, and no carpet by man has ever excelled in beauty the mossy one that anyone may tread in the thick forest. But deep in the earth are to be had the most precious treasures and these can only be gained by digging.

We never know what is in the human heart until we start exploring it. Those least suspected may have hidden within them the richest of treasures. How often it is that we come to know one in the midst of trouble or sorrow!

Tomorrow Mr. Adams will talk on the subject: "Program for Today"

CHALLENGE
Heed no sly and whispered word
Save to challenge and defeat it.
When disloyal speech is heard
Prompt and ready be to meet it.

Scorn the man who would betray.
Poisonous brew he's steeping.
Coldly send him on his way.
Friendship false is not worth keeping.

God has blest our glorious land,
Made it one to love and cherish.
Forthright then for freedom stand
Lest our way of life shall perish.

Freedom withers under might,
Tyrants use their force to end it.
When it's threatened, day or night
With your heart and mind defend it.

CATTLE—Fresh receipts estimated at 2,500 were augmented by another sizable holdover from last week. Sale run figured at 3,500. Compared with the corresponding Monday a year ago there was little change in the number on offer but the count dropped 25 per cent under a week ago and formed the smallest run in 3 weeks. Steers again formed the big bulk of the run with the equivalent of 51 loads of slaughter offerings and 47 loads of stock cattle included in the movement. Balance of the run was made up largely of cows with a moderate supply of heifers and bulls also on offer.

General killing quality was very similar to a week ago with the big percentage of slaughter steers comprised of medium and good grade shortfaced and grained-on-grass offerings scaling 1,500 pounds and more. Trading still influence somewhat by Jewish holidays to-morrow and Wednesday. This coupled with a return of warm weather and a very beachy dressed trade made for a slow trade on all slaughter classes.

Other offerings moved rather slowly weak to 50c. lower. Numerous loads still in first hands during the noon hour and some bids more than 50c. lower. Dry-fed steers and yearlings, \$25.65-30, but two loads of around 1,100-pound or heavier steers unsold. Most

of the early sales of medium and good grained-on-grass and shortfaced steers, 1,100 pounds, \$25.50-28. Few common and medium, \$25.50-28. Few cutter grades, \$18.50-20.

Dealings in the cow division uneven; early sales steady \$22-26 but later trading 25-30c. lower. Some mid-season sales and most late bids around \$1 lower. Early sales of good cows, \$25-28. Common and medium cows, \$19.50-21.50; canners and cutters, \$15-19.50; odd shelly canners down to \$10 and below.

Under 180-pound barrows and gilts, 25-50c. lower than last Friday while heavier lots, to mostly 75c. lower. Some showed a general decline. One small lot of closely sorted, choice, around 180-pound barrows and gilts, \$21.75. Most of the good and choice 180-220 pound, \$21-21.50, with the long strong at \$21.25. Planning Two More High Speed Roads

Harrisburg, Oct. 2 (AP)—The Pennsylvania Turnpike commission may start work soon on two more high-speed toll road extensions—one to Erie and one to Scranton.

Chairman Thomas J. Evans said today his agency may begin traffic surveys this fall for the proposed new projects.

He indicated that the groundwork may start after the new eastern turnpike extension from Carlisle to King of Prussia is opened. The opening date was originally fixed for October 1, but has been moved back.

11th-Hour Delay Saves Prisoner

Bellefonte, Pa., Oct. 3 (AP) — Paul Francis Perry, saved from the electric chair in a dramatic eleventh-hour action, pinned his hopes for life today on the state Pardon board.

The unemployed Towanda bartender had been scheduled to die in the electric chair at Rockview prison at 12:30 a.m. Monday for the rifle slaying of his choir singing wife, Inez, at their home January 30, 1949. But 90 minutes before that time, Gov. James H. Duff, at Harrisburg, postponed the execution until Thursday.

The governor's office said the last hour action was taken to give J. Roy Liley, Perry's attorney, a chance to present additional reasons to the state Pardon board for commutation of the sentence to life imprisonment.

Perry sat quiet in his death cell and rubbed his head when he was told of the postponement by Deputy Warden C. C. Rhoads.

Roy Heckenluber, president of the federation, urged all of the members to attend the Northeastern Poultry Producers Council meetings at Harrisburg today, Wednesday and Thursday. The sessions will be held in the farm show building at Harrisburg.

Today feeding practices will be featured in the discussion. Wednesday the future of the poultry industry will be discussed and Thursday mechanization of poultry farms will be discussed, as well as poultry diseases.

BLOOD POVERTY IS MENACE TO GOOD HEALTH!

Certa-Vin Enriches Your Blood With Iron: Builds Stronger Nerves With Vitamin B; Relieves Gassy Stomach; Try This New Formula for Only a Few Cents a Day. Get It At Peoples Drug Store.

Today many modern people have "Starved Blood" because the food they eat only HALF nourishes their blood—stream. Often this is due to gassy stomach and poor digestion, so these people feel weak and look pale.

Some victims scarcely know what is wrong with them. They feel like they are tied to a log everytime they try to do something. Their blood cells are shrunken or faded-out. This is BLOOD STARVATION. Such persons wonder why tonics fail them—why they have to be half-sick and half-well—why they can't have their full share of energy.

Works With Your Food
Such discouraged people will now find—in CERTA-VIN—two liquid elements, that regenerate Red Blood Cells. This new formula is taken before meals and WORKS WITH YOUR FOOD. Thus your food digests faster and better, with less gas and bloating, so you get the fullest good out of your meals. Soon your watery blood is enriched with Iron and your nerves are energized with Vitamin B. Your red blood count goes up, and you feel better all over.

Benefit comes quickly, usually within 3 or 4 days. And the price of CERTA-VIN is reasonable. You can actually take this new medicine for a Few Cents a day! So if you are a victim of blood poverty, gassy stomach, or lack vitality, don't go on suffering. Get Certa-Vin at Peoples Drug Store.
